

Community Partner Invitation

The underlying objectives of the Interfaith Creation Festival are to make visible the role and activities of faith communities in healing the Earth, and to broaden opportunities for ongoing celebration, learning, and collaboration. Community Partners are at the heart of these objectives.

Who are Community Partners?

Community Partners are congregations, faith communities, organizations, civic groups, and businesses who share in the vision of the Interfaith Creation Festival. They seek opportunities to work with others in supporting changes in lifestyles, social policies, systems, and in creating structures in our community and region that are committed to sustainability and justice.

- Encourage their members to attend the Festival
- Provide in-kind services (if applicable), expertise, and/or volunteers

What can Community Partners expect from Festival organizers?

- The names of Community Partners will be listed in the official event program
- Links to their web sites or contact information will be provided on the Festival site
